*Office Memorandum* • UNITED STATES GOVERNMENT

25X1A

TO :

DATE: 26 February 1952

FROM :

SUBJECT: Proposed Legislation - Exemption for CIA from the Performance Rating Act of 1950

1. In response to your request, the following security factors are offered in addition to the points set out in the memorandum of 21 February 1952 from the AD/Personnel to the General Counsel:

Sec. 7(b) - The Board of Review, which will be chaired by a Civil Service Commission employee, of necessity will have access to highly sensitive operational information in determining whether a particular performance rating is justified.

Sec. 7(d) - Since "each appellant may designate his representative to appear before the Board," CIA would not have any control over the selection of the representative. This could present a situation where an individual totally unacceptable from a security standpoint would represent the employee at a hearing involving highly classified data.

Sec. 8 - This section, coupled with Section 4, would require the Civil Service Commission to inspect in detail various operations and programs of CIA of a very sensitive nature.
